Mr. President of the Russischen Föderation
Wladimir Wladimirowitsch Putin

Dear Mr. President!
THE FOLLOWING ARE ONLY EXCERPTS OF THE LETTER translated by germanvictims.com:

…There are other worrying signs. German and French broadcasts suddenly unexpectedly intersperse the transmission with the demand for the Jews of Germany (and France) to pack their bags and take off as soon as possible (to Birobidjan?) The reason see below…

…I myself have witnessed as a little boy the big attack on Krefeld in June 1943. In front of our house on the West Wall, they laid out the 32 OOO phosphorus charred and mutilated victims that I have seen with my own eyes. Two days before that, the well-informed Jewish fellow citizens up to the last man packed and left the city, so that in the terrorist attack on June 1943, as far as I know, not a single Jewish Citizen perished (out of about 10,000 to 20,000). Later I learned that they all drove unmolested to Basel, from there to Geneva and from there across the border into the unoccupied southern part of France, and from there to Spain…

…I also still see before my eyes my French so-called friend, a Count, [* germanvictims.com: the Jewish-French Comte Antoine D 'Oncieu de la Batie, as pointed out by Dr. Hamer to Mrs. Ursula Haverbeck in his letter of Oct. 19, 2015] who confessed to me in 1984 that he has accompanied from the beginning of the war to the very end as an interpreter huge convoys of Jews to Birobidjan [*Russia], a total of several million. [*gv: Most of these millions of Jews which Dr. Hamer talks about must be from Poland and the East.] And that even when there was war between Russia and Germany, none of these convoys of trains that were put together in Auschwitz were stopped or attacked by Russians or Germans…

…After the war, this count was as interpreter in the “Long March” of Moses Tung, alias Mao Tse Tung, of Jewish birth, and who came from the border region of Birobidjan near China, and returned in 1946 or 1947 to France. Later all the Polish, Czech and East German millions of Jews who had been accompanied by the Count to Birobidjan were declared “Auschwitz victims”. This communication outlined by the count I can attest by oath…

…But also a rumor disturbs the Germans: It is said that in July or August the Russian Army in agreement with the Allies, will march to the Atlantic, and evidently by then the Dollar and Euro have collapsed. Therefore all Jews should as soon as possible be moved out (to Birobidjan?) obviously, not to be bothered by the war, as usual.

I greet you respectfully yours,

Dr. Ryke Geerd Hamer
